

# VERIFIED by VISA

## Get an extra layer of security on your Visa credit and debit cards.

In addition to our other ways of preventing, detecting and resolving fraud, First Heritage offers Verified by Visa, a free, simple-to-use service that confirms your identity with a password when you make online transactions. Here's how it works:

1. *Activate the Verified by Visa feature*—Enroll your First Heritage Visa credit and debit cards in the Verified by Visa program at [www.visa.com/verified](http://www.visa.com/verified). The password you establish is linked to your card, not your computer, and helps prevent unauthorized purchases.
2. *Shop at participating merchants*—Visit online merchants that display the Verified by Visa symbol to enjoy enhanced security and added peace of mind.

**We recommend you sign up for this protection even if you don't shop online.**
