

FI TO FI TRANSFERS

You can easily transfer funds between your account at First Heritage and your account at another financial institution. And the best part...it's absolutely free.

No more running from one financial institution to another to transfer funds. You can do it quickly, securely and free with our FI to FI transfer feature.

To get started, simply contact First Heritage and request the service be activated. FI to FI transfers are available for all members in good standing.

Once the service has been activated you will login to your account and click on the FI Transfer button. From there, just add your account at the other financial institution by entering your account number and routing number.

First Heritage will make a small test deposit into your other financial institution. Once you have retrieved that amount, just log into your online banking, FI Transfers and then "Enrolled Accounts" and enter that micro deposit amount to verify the account. Now that the account is verified you are ready to transfer funds.

Ready to get started or if you have any questions call us at 888-936-8402, option 3 or email us at info@fhfcu.org!
